Subsection:		Effective Date:	4/6/2023
Applies to:	■ Medicaid Health Plans		

PURPOSE According to Aetna Better Health of Illinois Policy, intensity modulated radiotherapy treatment services are considered part of intensity modulated radiotherapy planning and should not reported separately within a 14 day period.

STATEMENT OF OBJECTIVE: This Policy will provide details on when Radiation Oncology-Intensity Modulated Radiotherapy Plan (IMRT) is allowed.

DEFINITIONS:

Aetna Better Health of Illinois	A subsidiary of CVS Health Corporation, Medicaid subsidiary that provides plan management and other administrative services for the Louisiana Medicaid program.
The American Medical Association (AMA)	A professional group that publishes research to advance public health and advocates for the interests of registered physician-members.
Current Procedural Terminology (CPT)	A medical code set maintained by the American Medical Association through the CPT Editorial Panel. The CPT code set (copyright protected by the AMA) describes medical, surgical, and diagnostic services and is designed to communicate uniform information about medical services and procedures among physicians, coders, patients, accreditation organizations, and payers for administrative, financial, and analytical purposes.
Healthcare Common Procedure Coding System (HCPCS)	Level II of the HCPCS is a standardized coding system that is used primarily to identify products, supplies, and services not included in the CPT codes, such as ambulance services and durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) when used outside a physician's office. Because Medicare and other insurers cover a variety of services, supplies, and equipment that are not identified by CPT codes, the level II HCPCS codes were established for submitting claims for these items.
Illinois Department of Health Care and	The Department of Healthcare and Family Services administers health insurance programs for children, pregnant women, and adults who are residents of Illinois.
