Ensuring Use of Our Correct Payer ID – Check Your Records

Coventry Payer ID Number 25133 Is No Longer Valid

For some time now, we have allowed providers to use the outdated Coventry HealthCare payer ID number 25133 when submitting claims for Aetna Better Health of Pennsylvania members. As a courtesy to our providers, those claims have been redirected to the correct Aetna Better Health of Pennsylvania Payer ID number 23228.

We are making you aware that effective November 1, 2021 the courtesy redirects will end.

Claims being sent to the invalid payer ID number will be rejected.

Avoiding Claim Rejections and Payment Delays

Please check your systems and processes to ensure you are **ONLY** submitting claims for Aetna Better Health of Pennsylvania members **using the Aetna Better Health of Pennsylvania Payer ID number 23228**.

If you have any questions about our claim submission process you can contact our Provider Relations Department by calling **1-866-638-1232**.

Did you miss an MAB?

If you missed a recent Medical Assistance Bulletin, just go to
<https://www.dhs.pa.gov/docs/For-Providers/Pages/Bulletin-Search.aspx>.

Do we have a match?

We want to help ensure the claims you submit to Aetna Better Health process correctly and timely.

To help us process your claims, it is imperative that your practice or group name provided matches the name used in Pennsylvania's PROMISe database. Also, make sure you are using a valid Service Location that is registered in PROMISe.

The requirement from the State and Aetna Better Health is at least one of the active organization/provider names match the Group Practice provider names found on the providers NPPES NPI Registry record.

We require your provider group to update the State PROMISe system with a current active PROMISe ID/ Service Location ID record, with at least one Service Location ID reflecting the organization name which matches the name in NPPES.

Please review your organization name(s) in PROMISe, and if necessary, NPPES, and make any updates as needed to avoid claim delays.

Pharmacy Updates

You can refer to our provider website or provider manual for pharmacy information including:

- A complete list of pharmaceuticals (formulary), monthly changes, limits and quotas

Provider Facility Location Name and NPI Number Required

Aetna Better Health of Pennsylvania requires that when a service is provided in a facility and the provider is submitting a professional claim, the service facility information must be submitted.

Per the X-12 Health Care Claim Professional 837 Billing Guide, this field is situational; however, required when the location of health care service is different than that carried in Loop 2010AA (Billing Provider). The purpose of this loop is to identify specifically where the service was rendered. Aetna Better Health of Pennsylvania and Aetna Better Health Kids will deny claims for certain provider types if the facility location name and NPI number is missing from your claim.

Specific Claim Requirements:

The service facility location **must** be populated in Loop 2310C Segment NM109.

- Service Facility Location Name, Address and Nine Digit Zip in box 32 on the CMS1500.
- Service Facility Location NPI in box 32a on the CMS 1500.

If the facility location information is not included on the claim, the claim will deny.

Your claim will deny if the facility number is not numeric or is missing **AND** the place of service (POS) is:

- 21 – Inpatient Hospital;
- 22 – Outpatient Hospital;
- 23 – Emergency Room;
- 24 – Ambulatory Surgical Center;
- 31 – Skilled Nursing Facility; or
- 32 – Nursing Facility.

If there are any services that are not actually done at the facility for a recipient, then the Place of Service (POS) should not be 21, 22, 23, 24, 31 or 32.

Reinstatement of Pre-COVID Prior Auth Requirements

Effective for dates of service on and after July 16, 2021, Aetna Better Health and Aetna Better Health Kids will **reinstate** any prior authorization requirements put in place on February 29, 2020 due to the COVID Public Health Emergency Declaration. This includes all services **except** for shift care for children under the age of 21.

Prior authorization requirements continue to be suspended for shift nursing and shift home health aide services, as described in [Quick Tip #241](#).

While the authorization requirements for shift care services continue to be suspended for claims payment purposes, services will be subject to a retrospective review for medical necessity.

Prior authorization requirements will be reinstated for the following services:

- Inpatient Hospital Admissions
- Long-Term Acute Care Hospitals
- Home Health
- Hospice Services
- Inpatient Rehabilitation Services
- Skilled Nursing Facility Services
- Medical Supplies and DME, to include the procedure codes and items listed in [Quick Tip 241](#).
- Radiology Services – CT scans of the chest related to the diagnosis or treatment of COVID-19.

Read the full reinstatement [MAB 99-21-03](#).

Provider Pay for Quality (P4Q) Program

Aetna Better Health of Pennsylvania is introducing the 2021 Medicaid Pay for Quality (P4Q) Program to our valued provider network. The goal of the program is to partner with our providers to engage members in their routine healthcare services throughout the calendar year.

Routine care that you provide in your office may include services that focus on prevention, management of chronic diseases, medication education, and maternity care. By partnering with you, we can ensure members receive needed care and education so they can avoid health issues such as:

- Exacerbations in chronic conditions that include asthma, diabetes, or hypertension
- Trips to the emergency room
- Hospital admissions
- Preterm delivery
- Cavities, gum disease, periodontal disease

To be eligible for the program, providers must meet minimum panel requirements of assigned ABH-PA members and be licensed as a primary care provider, dentist, or OB/GYN. Eligible providers will be rewarded for submission of complete coding, capture of services provided, excellent care, and satisfying quality targets. In turn, this will result in healthier member outcomes and improved quality scores.

How does the P4Q program work?

- P4Q is based on practice-specific administrative data tied to a variety of clinical quality and utilization guidelines.
 - Administrative data includes claims coding or direct data feeds
 - Medical record submission will not count towards P4Q payments.
- The program measurement year is the 2021 calendar year for dates of service January 1 - December 31, 2021.
- Maternity measures include care of members with deliveries from October 8, 2020 – October 7, 2021
- Incentive payments are paid to providers at the Tax ID (TIN) level
- Payments are made on a once per year per member basis unless specified in the table below.
 - Please see the below table for payment schedules, measures in the program, panel requirements, required service, required benchmarks, and incentive amount.

Payment for the P4Q program is dependent on the funding that the Pennsylvania Department of Human Services provides. Aetna Better Health reserves the right to end the P4Q program if funding becomes unavailable.

Our Community Health Workers Stay Engaged

The Community Health Workers (CHW) at Aetna Better Health of Pennsylvania (ABHPA) have been staying very busy, even during the pandemic. Our team of dedicated and compassionate Community Health Workers are spending a big part of their days outreaching to our members about the COVID-19 vaccine.

CHWs have been calling members in groups most at risk for COVID-19 especially persons of color in urban areas. CHWs are providing in depth vaccination education and even helping members make vaccination appointments close to where they live.

ABHPA is currently working with several vaccine providers in all five regions of Pennsylvania including CVS Pharmacy to support our members, and your patients, in the vaccination process. As of the end of April we have outreached to literally thousands of Aetna Better Health members across the Commonwealth. But be sure, our collaborative vaccination effort will continue for months!

If you are interested in collaborating with Aetna Better Health of Pennsylvania in your vaccination efforts please email Angela Kritzer, Manager of Social Determinants of Health at KritzerA@aetna.com.
