

Aetna Better Health® of West Virginia

Dear Provider:

We are pleased to announce that Aetna Better Health of West Virginia and NantHealth have partnered to give you access to **Eviti Connect**, an online software system that enables real-time decision support and treatment guidelines for **oncology** patients.

Effective July 1, 2020, there will be a change of process for initiating oncology treatment plan review requests. Below is a summary of these changes:

Overview of Process Change

Purpose of Eviti Connect	To provide specialist review of oncology treatment plans including chemotherapy, radiation therapy and supportive medications
Uses of Eviti Connect	• Access to the latest evidence-based guidelines for radiation and chemotherapy • Select from 3,800+ pre-built regimens, or customize treatments when necessary • Discuss open treatment plan reviews with Eviti's clinical staff
Treatment Recommendations	Eviti Connect aggregates evidence-based recommendations from national government agencies, reports, and journal publications (including the NCCN Compendium, JCO, JNCI, Lancet, NEJM and JAMA)
Training	Late June 2020: Several training sessions will be available to help you become familiar with using Eviti Connect to submit treatment plans for review. The training schedule will be sent in a future communication.
New Process Effective Date	July 1, 2020

You will receive more in-depth information soon on the changes to Aetna Better Health of West Virginia's authorization process using **Eviti Connect** for oncology patients in addition to the training schedule. If you have questions regarding the implementation of this program, please contact Aetna Better Health of West Virginia at 1-888-348-2912.

We look forward to working with you on this new process!

Sincerely,

David Hiestand, MD,
VP/CMO Aetna Medicaid

William Flood, M.D.
Chief Medical Officer
NantHealth, Eviti
